
This version of **ORISOM 3S** is a trial beta. Its aim is to enable users see its benefits and advantages during trial period.

In this trial period, all apps & services included will be available with full functionality for free to those users that wish it.

At the end of this period, **ORISOM 3S** will send an e-mail that will include an option to renew to all users who have contracted services through the Platform.

The users who wish to continue the service, will be able to do through automatically renewing contract since this date. Otherwise, all application and services contracted into trial period will be deleted

Thank you very much for working with us
